**Researching Medical Literature on the Internet - 2008**— New on LLRX.com for September 2008--Sabrina I. Pacifici:

"Medical journals, dictionaries, textbooks, indexes, rankings, images - all can be

found on the Net, and much of it is available free. Sources include publishers, government agencies, professional organizations, health libraries and commercial entities. Gloria Miccioli's completely updated and revised topical guide expertly focuses on what she identifies as the best, content-rich databases and services for researchers."

**What Has Happened to the Dollar?**—There are several web sites that calculate the relative value of money in different years. Here are two that might provide an interesting look at times gone by, especially during the current financial crisis. "**MeasuringWorth**" is a service for calculating relative worth over time. This site provides several different calculators with which to measure different types of worth in different years.

<http://www.measuringworth.com/index.html>

Try the "Purchasing Power of Money in the United States from 1774 to 2007."

<http://www.measuringworth.com/ppowerus/#>

<http://tinyurl.com/4vvsng>

Another site is "**What's a Dollar Worth?**" It comes from the Federal Reserve Bank of Minneapolis.
